# ST-DVR-40N

Ruggedized, Mobile, Stand Alone, 4-Camera, Full-Featured  
Digital Video Recorder

---

We are proud to introduce our new, fully featured, non PC based digital video recorder. This unit sports a shock mounted hard drive, ruggedized for vehicular use. Designed to be used as a mobile or a stand-alone system it provides digital recording capability for up to 4 cameras. This system also provides more efficient video recording and better resolution than the typical analog tape system. All recorded and playback information can be accessed from the On-Screen Display, remotely over the Internet, or by using the included infrared remote. The system even includes a Watch-dog Function to automatically return the system to original operation after a power failure.

## ST-DVR-40N (network)
